EXOTIC BIRD EXPO

Reno, Nevada

Saturday, September 11th, 2010

9:00 am – 5:00 pm

This weekend will be a special one. The Exotic Bird Expo has become a tradition in Reno, with many people looking forward to this event each year. This year is even better since the date is set for **Reno Balloon Race** Week.

The **Reno Livestock Event Center Exhibit Hall, Washoe County Fairgrounds** has been selected as the Expo site again because of its excellent location and easy access. The address is 1350 North Wells Avenue.

There is free parking for all vendors. There are motor home hookups available at a reasonable price & air-conditioning in the Events Center. For motor home hookups please contact the Livestock Events Center directly at 775-688-5751 as there is limited hookup availability.

We look forward to renewing old acquaintances and are “*fluffing up*” our publicity to attract a large number of new attendants to the Expo this year. RAAVE is advertising in Bird Talk Magazine, arranging numerous public service announcements on TV and radio, and is placing ads in local and surrounding area newspapers and our membership newsletter about the Expo. We will also distribute flyers through our local shops. Any vendor with reptiles will be welcomed at the mart.

Booths will measure 10'X10'. Rent is \$60 per space, tables are \$10 each and chairs are \$2 each. All spaces have electricity hookups at no additional charge. Again this year we will need to pass on to the vendors a Reno City License fee of \$15 per each vendor which charged to everyone that does business here. RAAVE is offering a 10% discount on all fees for paid reservations received before August 20, 2010. Sorry we can not offer a discount on the Reno City Business License. Additionally this year all checks to secure space will need to be in our hands by **August 25th 2010**. We will only accept cash on setup day for vendor space tables & chairs. So take advantage of the savings and submit your Expo reservation now. **Expo registration forms are on the RAAVE website at www.raave.com**

We look forward to your participation, so mark your calendar for **September 11, 2010** to spend the day with us at the **Year 2010 Exotic Bird Expo**.
